

# clip and Cover

## Get Started

or

Get 10 squares in one color and 10 in another color, one paper clip, and one number cube. Take turns.

## At Your Turn

Toss one cube to find your oval. **EXAMPLE:**  Choose the 3rd oval on the left, **or** choose the 3rd oval on the right. Mark your oval with a paper clip.

## How to Play

Explain how to divide. Find a way to check the quotient and the remainder for the division expression that you chose. Cover the answer. Lose your turn if the answer is taken.

## How to Win

The first player or team to get any three connected rectangles in a row or column wins.
