

# Tic Tac Toe

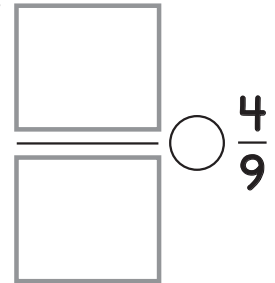

## Get Started

Get 20 squares in one color and 20 in another color. Get two number cubes and fraction strips for players to share. Take turns.

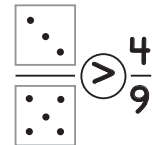

## For Each Round

Toss two cubes. Form a fraction so that the numerator is less than the denominator. Lose your turn if the two numbers are the same. Place your number cubes in the spaces provided. Choose  $<$  or  $>$  to compare the fractions. Use fraction strips or benchmark fractions to explain your choice. Cover the symbol. If the answer is taken, lose your turn.

## Example

The numerator is **3**. The denominator is **5**. The fraction is  $\frac{3}{5}$ . Use fraction strips to compare  $\frac{3}{5}$  and  $\frac{4}{9}$ .

## How to Win

The first player or team to cover a row, column, or diagonal in one of the four sections of the game board wins.

$<$	$<$	$>$	$<$	$<$	$>$
$>$	$>$	$<$	$>$	$>$	$<$
$>$	$<$	$>$	$>$	$<$	$>$
$<$	$>$	$<$	$<$	$>$	$<$
$<$	$<$	$>$	$<$	$<$	$>$
$>$	$>$	$<$	$>$	$>$	$<$
