

Tic Tac Toe

Get Started

Get 20 squares in one color and 20 in another color. Get two number cubes and fraction strips for players to share. Take turns.

For Each Round

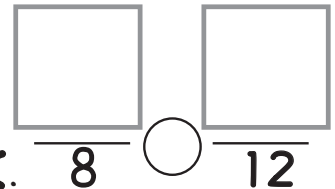

Toss two cubes. Place the number on the left cube in the numerator of the left fraction. Place the number on the right cube in the numerator of the right fraction. Compare the fractions. Use fraction strips or benchmark fractions to explain. Choose, $<$, $>$, or $=$. If the answer is taken, lose your turn.

Example

3 is on the left and 5 is on the right.

Use fraction strips to compare $\frac{3}{8}$ and $\frac{5}{12}$. Choose $<$.

How to Win

The first player or team to cover a row, column, or diagonal in one of the four sections of the game board wins.

$<$	$>$	$<$	$>$	$<$	$>$
$>$	$>$	$>$	$>$	$>$	$>$
$>$	$>$	$=$	$<$	$>$	$<$
$<$	$>$	$<$	$=$	$>$	$>$
$>$	$>$	$>$	$>$	$>$	$>$
$>$	$<$	$>$	$<$	$>$	$<$
