

# Toss and Talk

## Get Started

Get 10 squares in one color and 10 in another color.  
Get two number cubes. Take turns with another player or team.  
Talk about math as you play!

## At Your Turn

Toss two number cubes. Add the dots. Find your toss below.  
Follow the directions. Explain your thinking. Cover the answer.  
If the answer is taken, lose your turn. Have fun!

Toss	Choose a figure that has exactly this number of lines of symmetry. Use your finger to draw each line of symmetry.
2	Find a figure that has no lines of symmetry.
3	Find a figure that has only one line of symmetry.
4	Find a figure that has only five lines of symmetry.
5	Find a figure that has only two lines of symmetry.
6	Find a figure that has only three lines of symmetry.

7	Find a figure that has only four lines of symmetry.
8	Find a figure that has only six lines of symmetry.
9	Find a figure that has only eight lines of symmetry.
10	Find a figure that has no lines of symmetry.
11	Find a figure that has only one line of symmetry.
12	Find a figure that has only five lines of symmetry.

## How to Win

You win if you are the first to get four connected rectangles, like:

## If you have more time

Play again!
