

# Toss and Talk

## Get Started

Get 10 squares in one color and 10 in another color.  
Get two number cubes. Take turns with another player or team.  
Talk about math as you play!

## At Your Turn

Toss two number cubes. Add the dots. Find your toss below.  
Follow the directions. Explain your thinking. Cover the answer.  
If the answer is taken, lose your turn. Have fun!

Toss	Look at the angle next to your toss. Find a description of that angle.

The angle is a straight angle.	The angle is a right angle.	The angle measures about 45°.	The angle measures 180°.
The measure of the angle is about 45°.	The measure of the angle is 180°.	The measure of the angle is more than 90°, but less than 180°.	The angle measures between 45° and 90°.
The angle measures between 45° and 90°.	The measure of the angle is more than 90°, but less than 180°.	The angle measures 90°.	The angle is a right angle.
The measure of the angle is 90°.	The measure of the angle is about 45°.	The angle is a straight angle.	The measure of the angle is more than 90°, but less than 180°.

## How to Win

You win if you are the first to get four connected rectangles, like:

If you have more time

Play again!
