

Toss and Talk

Get Started

Get 10 squares in one color and 10 in another color.
Get two number cubes. Take turns with another player or team.
Talk about math as you play!

At Your Turn

Toss two number cubes. Add the dots. Find your toss below.
Follow the directions. Explain your thinking. Cover the answer.
If the answer is taken, lose your turn. Have fun!

Toss	Read the phrase next to your toss. Find an example of an angle that fits the description.
2	An angle that measures about 45°
3	An angle that measures between 90° and 180°
4	An angle that measures less than 45°
5	An angle that has more degrees than a right angle but fewer degrees than a straight angle
6	A right angle

7	A straight angle
8	An angle that measures 90°
9	An angle that measures less than 45°
10	An angle that measures about 45°
11	An angle that measures 180°
12	An angle that measures more than 90° but less than 180°

How to Win

You win if you are the first to get four connected rectangles, like:

If you have more time
